NEW DRUG CO.  
GRANTED CHARTER

Several Prominent Men Interested in the Concern.

## KING CASE AGAIN POSTPONED

Polk Miller Will Be President and H. A. Coleman General Manager—Briggs Drug Company Will Be Absorbed—City Court Items.

In the Law and Equity Court yesterday afternoon Judge Minor granted an application for charter to a corporation to be known as "The Polk Miller-Coleman Company," the capital stock of which is not to exceed \$25,000 or be less than \$5,000, the par value of each share to be \$100. The company is to buy and sell both at wholesale and retail drugs and promises to be one of the strongest concerns of its kind in Virginia.

The application for the charter was signed by Messrs. Polk Miller, H. A. Coleman, W. M. Cary, R. R. Gwaltney, and F. W. Gwaltney, all of whom are to be directors in the new drug corporation, which is to be conducted in accordance with the laws of the Commonwealth of Virginia.

Accompanying the application is a list of the officers of the company. They are: Polk Miller, president; H. A. Coleman, vice-president and general manager; F. W. Gwaltney, secretary, and treasurer.

In the charter which was granted The Polk Miller-Coleman Company is the right to purchase the stock, the trade and the good will of the Briggs Drug Company and to continue this business in operation, so it would therefore seem probable that it is the intention of Mr. Andrew G. Briggs to retire from active business, such action on the part of Mr. Briggs was anticipated in The Times several days ago.

A greater part of yesterday was used up in this same court by the trial of the case of John H. Henderson and Power Company, which was alleged to have been sustained by the plaintiff in a smash up on the car line.

Ex-Alderman John M. King, with his counsel, Mr. William R. Meredith, appeared in the Hustings Court yesterday morning, this being the date fixed upon for the trial on the charge of bribery.

On motion of Mr. Meredith, the case was continued to the next term, and November 24th was fixed upon for the hearing. This motion was made because of the continued sickness of City Engineer Cutshaw, who is a witness for the defense.

Mr. King renewed his bond with Mr. D. O'Sullivan as security.

The case of the Commonwealth vs. Charles Young, colored, who is charged with a criminal assault, was continued in the same court again yesterday. A death in the family of one of the jurors was the cause. The case will be taken up on Thursday morning.

## DOUBT SUICIDE

Most Careful Search Has Failed to Reveal Body of Negress.

There seems to be some doubt as to whether a negro woman really jumped into the canal when supplies the city with water and for this reason, the most careful search having failed to reveal the body. In speaking of the matter yesterday Superintendent Bolling, of the Water Department, had the following to say:

"We were informed of the affair at 2 o'clock Sunday afternoon, and immediately set to work.

"The water was turned off of the canal at 2 o'clock that night. The water was turned on because of the necessity for water at the factories. But the pumps were not put to work. A close search was made for the body, but after the most careful hunt, no body was found.

"If there was a body in the canal, it was washed through when the water was turned off on Sunday afternoon. The water was turned off again Monday morning, and another search made without result. So that it is positive that there is no body in the canal above the pump house.

"The department was most vigilant in

this matter, and nothing was left undone to have the body removed.

"I do not know positively that there ever was a body in the canal. But certain it is that there is none now."

## GAYTON COAL FIELD

May Have Been Purchased by Mr. Geo. E. Fisher.

It was rumored here yesterday that the purchase of the Gayton coal fields by Messrs. H. Lee Lorraine and F. W. Christian was for Mr. John Barker Miller of Georgetown, D. C., was married, the bride's uncle, the Rev. J. J. Lafferty, of this city, performing the ceremony. No one except the families of the contracting parties were present at the wedding, which was announced to friends by card. The bride was given for her marriage in white crepe de chine, in which her blonde beauty and handsome figure were displayed to great advantage. Her going-away costume was a black and white checked silk shirt waist suit, worn with a long red coat. The bride couple will go to Asheville, Fla., and to New Orleans, after which they will return to their handsome home at Georgetown, D. C. Miss Helen Wilmer Kemper will be married to Mr. Robert Lawrence Arhles, of New York, from the Miller home November 11th.

Lorraine has had a number of business transactions with Mr. Fisher. His firm has handled the Gayton coal for a long time.

## WAGON SMASHED

Car on Eighth Street Puts a Line Wagon Out of Business.

A car on the Broad Street line in charge of Motorman J. A. Baughman came in violent contact with a line wagon yesterday afternoon on Eighth Street near Grace and as a result the wagon was almost completely wrecked, the driver was more or less painfully injured, a young man in the rear of the wagon was thrown some distance and bruised slightly, and the passengers in the car had a severe shaking. The motor man was unhurt and stuck to his post, even after the crash. The car and wagon came together with a sound to be heard some distance and the latter was turned completely over.

Fortunately none of the passengers were seriously injured, though it is said one did get a severe shake just as he tried to jump from the car.

## SHORTER HOURS

Will Result from Visit of International President of Machinists.

Following up a speech made at Smith's Hall Monday night by International President James O'Connell, the machinists as a whole in Richmond will ask for a nine-hour day instead of the twelve hours now worked after May 29th of next year. The talk of the international president to the machinists of Richmond was not only heard by members of the organization, but by many trades unionists who are interested in shorter hours in all branches of work. More than two-thirds of the machinists of Richmond are members of the union and hereafter efforts will be put forward to induce all to come in before the stipulated time for the petition for the short work day.

## OVERLOOKED.

There Are Patent Medicines and Remedies Without Number

For Every Disease and Affliction but One

A prominent physician was recently asked why it was that there are so many "blood purifiers," "nerve tonics" and remedies for every ill, except one of the most common and annoying, viz: piles. He replied, there are two principal reasons. First, physicians and people in general have thought that the only permanent cure for piles was a surgical operation, that medicinal preparations were simply palliative. Another reason is, that piles is in no sense of the word an imaginary disease; the sufferer from piles is very much aware of the fact, and for this reason, the few so-called pile salves, ointments, etc., have been short-lived. The patient very soon discovered their inefficiency.

He says further, fortunately, however, there is a new remedy for piles, which, judging from its rapidly growing popularity, will soon take the place of all the others. First, physicians and people in general have thought that the only permanent cure for piles was a surgical operation, that medicinal preparations were simply palliative. Another reason is, that piles is in no sense of the word an imaginary disease; the sufferer from piles is very much aware of the fact, and for this reason, the few so-called pile salves, ointments, etc., have been short-lived. The patient very soon discovered their inefficiency.

From the immediate relief which the Pyramid Pile Cure gives in all forms of piles, many physicians supposed it contained opium, cocaine or some similar substance, but upon analysis it was found to be perfectly free from anything of the kind, and that the instant relief and cure which follows its use is rather the result of its remarkable healing, soothing action on the parts affected.

The Pyramid Pile Cure is the only remedy, except a surgical operation, which immediately relieves and permanently cures every form of piles.

It is sold by druggists at 50 cents and \$1, or by mail from Pyramid Drug Co., Marshall, Mich.

## Social and Personal

It is a queer fact, but recent excavations in Ithaca have proven that a sturdy and very unromantic farmer is now owner of the estate which history and tradition alike point out as having been the home, in Homeric days, of Ulysses, the hero of strange adventures both by land and sea.

The farmer is thrifty and intelligent, a type of his class in the nineteenth century, but with little regard for the traditions that obtained in the period which knew Ulysses. It is believed that he has a trace of Homeric blood in his veins, and that he is a landowner in Ithaca through inheritance from his mighty ancestor. The Homeric fire in his spirit is as utterly dead as is the chivalry which it nourished.

It needs some such strong object lesson as this to awaken milady of to-day to the realization that "times change and men change with them." If she would still hold her own and sway her realm, she must estimate and regard to that idea of knightliness and manliness, which, because of its strength and courage, dared to always hold to its watchword, "God and our lady." Milady as yet sits on her throne, but the watcher of signs has to vision, and the page of the future is seen by the watcher through a dimming mist of tears.

## WEDDINGS.

At 10:20 A. M. yesterday, October 21st, in the old Kemper home, "Whitehall," Albemarle county, Miss Mary Llewellyn Kemper and Mr. John Barker Miller of Georgetown, D. C., were married, the bride's uncle, the Rev. J. J. Lafferty, of this city, performing the ceremony. No one except the families of the contracting parties were present at the wedding, which was announced to friends by card. The bride was given for her marriage in white crepe de chine, in which her blonde beauty and handsome figure were displayed to great advantage. Her going-away costume was a black and white checked silk shirt waist suit, worn with a long red coat. The bride couple will go to Asheville, Fla., and to New Orleans, after which they will return to their handsome home at Georgetown, D. C. Miss Helen Wilmer Kemper will be married to Mr. Robert Lawrence Arhles, of New York, from the Miller home November 11th.

Miss Fannie Ellen Douglas Smith, the daughter of Mr. and Mrs. Joseph Smith, and Mr. Walter Chapman Crenshaw were married at seven o'clock Tuesday evening, October 21st, the Rev. D. A. Solly, of Imperial Baptist Church, celebrating the marriage.

The ceremony was performed in the

## LESSON IN AMERICAN HISTORY IN PUZZLE

THE SURRENDER OF NEW AMSTERDAM TO THE ENGLISH.

September 8, 1664, when the Dutch soldiers marched out of the fort at New Amsterdam and embarked for Holland, was probably the saddest day in the life of Gov. Stuyvesant. He would rather have carried the flag to the English, and he would have fought to the bitter end if he could have had the support of the burghers, which they would not give. In 1673, during a war between the English and Dutch, a Dutch squadron recaptured the place with the aid of the burghers, who had tired of English rule, and held it until the close of the war, when it was ceded to England, and Holland left the territory discovered by Henry Hudson forever.

home of the bride's parents at Brookland Park. Hall and parlor decorations were in palms, cut flowers and silver candelabra, with white candles. An aisle of ribbons was formed from the back parlor to the space between the windows in the front parlor, where the bride and groom stood to plight their troth. Charming little ribbon holders, dressed in white organdy, with pink and blue ribbons and sashes, were Edna Griffin and Marie Smith, the nieces of the bride. Her nephew, Master Roy Griffin, gathered up the ribbons after the bridal party had advanced to the altar.

Mr. Albert Payne was best man to the groom, who was further attended by Mr. Edward Goodloe, Mr. Henry Eyles, Mr. Wallace Capitaine and Mr. Robert Williams. Miss Amorette Green rendered the hymn, "March from Lohengrin" and played during the ceremony very softly "O Promise Me." Miss Ruby Crenshaw, the sister of the groom and the bride's maid of honor, wore cream silk mull over tulle, and carried a handsome bouquet. The bride was given in a handsome tailored suit of dark blue cloth, with hat and gloves to match. Her flowers were bride's roses. Mr. and Mrs. Crenshaw left by the northbound train after their wedding for an extended tour. They will return to make their home in Barlow Heights.

The wedding of Miss Page Osborne, of Petersburg, Va., and Mr. George Bryan will take place at noon to-day, October 24th, in Tabb-Street Presbyterian Church. Miss Mary Minton Osborne will be her sister's maid of honor. Mr. S. A. Bryan, of Titusville, Pa., will act as best man, and the groom's other attendants will be Dr. Joseph D. Osborne, of Petersburg, brother of the bride; Messrs. A. F. Patterson, Henry L. Cabell, W. O. Skelton, Cunningham Hall and T. A. Cary, of Richmond. The ceremony will be performed by the Rev. W. S. Plumer Bryan, pastor of the Church of the Covenant, Chicago, the brother of the groom, assisted by the Rev. J. H. Hoffecker, of Wilmington, Del., and Mrs. Joseph Bryan, at Laburnum, Va.

An extra car will leave Manchester for Petersburg over the Richmond and Petersburg Electric Railway at 10 o'clock morning for the accommodation of Richmond friends desiring to attend the wedding.

White Man Shoots a Negro Who Attacked Him.

Engineer R. L. Askew and a negro named Sam Vaughan, both employed at the Kinney factory, got into an altercation yesterday morning because Mr. Askew discharged Vaughan. THE JUNIOR ORDER  
ARE TEN THOUSAND

The State Council is in Annual Session at Norfolk.

(Special Dispatch to The Times.)

NORFOLK, Va., October 21.—The State Council of the Junior Order of United American Mechanics convened in Elks' Hall this morning. W. R. Butcher called the meeting to order, and John G. Tilton, Commonwealth's Attorney, spoke a welcome to the city. The young prior spoke of Norfolk and her future; of the Jamestown Exposition, which he is the prime mover. He spoke of the patriotic spirit which "dickered into light at Lexington and flamed into splendor at Yorktown," he arraigned the trusts, saying: "The power of gold is pitted against the power of the people," and passing, spoke of the corruption of corporate wealth, the corruption which prevails in politics, and said he understood the object of the order to whom he spoke was to fan the patriotic spirit into flame and thus keep our country pure and free.

The report of Treasurer G. W. Kinsey, of Richmond, showed the receipts during the past year amounted to \$64,000 and the disbursements to \$50,000. The State Council's report, the committee-men said, showed that the membership of the order in Virginia is now close to 10,000, and the new members added during the past year number 1,000. There are about one hundred delegates. They will meet for a business session tomorrow and adjourn for a boat ride to the Cape.
